Target: 55+. Back to work - evenings only from here.

Checkpoints: 60 by ~Nov 18-20.

- ☐ Evening sessions to 60
- ☐ At 60: full respec to Restoration 10/0/41 (see Reference)
- ☐ Grovekeeper Raiment (Tier 1) farm planning
- ☐ Raid prep: flasks via Alchemy 300 + Alchemy Lab camp station

Remember: the respec is a one-time cost decision. After the first reset the price escalates, so do it once, deliberately, at 60.
